WORK HISTORY

Merrill Lynch, Business Analyst II May 2020 - present

- Spearheaded the revival of an underperforming team using my organizational/interpersonal skills and Agile/Scrum methodologies.
- Facilitated the ground-up redesign of Fixed Income Screener which now has 10,000+ daily users and was able to recapture 30% of clients previously lost.
- Crafted and presented the winning project at 'Innovation Day' on the topic of Credit Card Over-Utilization.
- Orchestrated user acceptance testing and story refinement/follow-up to maintain a healthy backlog.

Bank of America , Business Analyst 2019 Internship

- Presented ideas to top management to improve internship experience for future.
- Ran meetings with product owners to gather project needs
- Deliver specifications to team in the form of stories

Fidelity, Systems Analyst 2018 Internship

- Analyzed 367 controls using SQL and Excel
- Met with enterprise infrastructure owners to capture vital details on their controls
- Restructured security controls allowing them to be audit ready
